

Girls in general

Posted by emunah17 - 01 Jul 2011 14:57

Shalom everyone

I can't stop watching teenage love stories.I cant stop watching movies in general I'm bored.And after I watched a certain movie I couldn't get the girl out of my head.So much so that I spent half the night trying to find out if she's jewish and then I'll hook up with her somehow.B"H I couldn't find out but i don't think I'll be able to hold myself back from searching again.I've found hints that she is jewish and I cant stop fantasizing. If I find out she's jewish I know I wont stop till I contact her.And I keep on thinking why not? If she is a Jewess (which I think she is) then whats wrong with hooking up with her,helping her become frum and get friendly and when the time comes maybe marry her .I just cant get these crazy possibilities out of my mind.

Plus isn't there something about having some exposure I mean is it okay to watch some movies rated pg or cartoons like spider man.Whats the Geder?

Besides for her good, it might be good for you to tell her so that you shouldnt feel like your hiding from her. However, you should probably consult your local rabbi becaus every individual situation is soooooooooooooo different.

I always wonder whether I'll tell a girl who I want to marry that I used to do P&M. Just so there's complete transparency.

I think I'll tell her that she'll be lucky to marry someone who admits to it and has been clean for a while. Otherwise, she's taking a chance that she'll marry someone who is still doing it and has not done all the amazing work we're doing!

I would get some good advice before you decide what to do. I don't have any good advice, so I will just stay silent.

I love this post. ;D

You have to be very careful in shidduchim because everything you do can have such enormous ramifications, so you need good sound advice. And like Gibbor120, I don't have any either! :D

I've heard many different opinions from different rabbonim. So I assume that each person is different.

Happy Birthday Emuna!

And like Shteebs says, you need to get proactive about stopping the actions, as well as working on the attitudes that are taking you there. Posting here is the first step, you need to look into the various options available and find what works for you. Handbooks, phone calls, meetings, speaking to friends/rov/parents, etc.

It's not hopeless, but YOU have to take the first step.

Keep On Trucking!

For many years, my porn interests got dirtier and filthier and my pleasure from them became less and less. This is how this addiction works on us.

But there is help! Read the GYE in the Nutshell and pick a course of action.

Good luck,

Mottel

Emunah18,

I relate to every one of your words. You are describing exactly where I almost was and where I would be if not for GYE.

Keep going!

Hatzlacha.

Welcome back Emunah18!

It hurts to hear of your struggles.

Stop struggling.

Give up your lust. Daven for help. Turn the battle over to Hashem.

Stop looking at women.

Start making good decisions.

One day at a time. One test at a time.

One right decision at a time.

What's your plan?

Welcome back Emunah18. It might be helpful for you to share your "life story" so to speak. It's a real starter for most people here..

My main focus now is in the long term I pretty much can deal with short term go exercise or call some1 but it always comes back to me. So i am looking for a way to do the 12 steps. I already have a partner but i dont know if I can do it with him. I would love a sponsor but it doesnt seem to work out therefore I set aside my motzei shabbossim to gye and i study the white book i hope that will help
