Great advice. But when has that ever stopped anyone from doing this, chaver? Are you trying to help him, or to just tell him something he has already been telling himself for all these years?

I have a mehalech for this question.

Dont say "NO" to acting out. Because that means your getting involved in a conversation with your desires. Battle etc. Rather Ignore him and refocus your attention on something more productive.

ehh?? eh??? how 'bout 'dem apples?
