Because it's the wrong medicine. If you need medicine for ADHD, depression, or something else, you may be wrongly using lust as your medicine. Well guess what, you're taking the wrong meds. Go visit your health professional to take the right meds instead. If you prefer not to take meds, realize that you may be using lust as your meds...

The forum has a feature that can generate a PDF of a thread. Just click the Adobe symbol on the bottom right corner on the desktop.

Edit: It didn't seem to work.

I saved it for you. Please see attached.
