Because that feeling of lust is really a spark of love that Hashem sent down on this world to do good things and just like you would never take a sefer torah into the bathroom with you, This is essentially the same only much worse if you are using it for immorality you are taking a very holy spark into terrible places and you are hurting the Shchina!

and you will see you'll be a Happier Person!

90,000 reason > You'll be a Happy Person

Maybe rephrase that to "if I act out, I will never be happy with my destined wife."

Because if I don't say no when I'm able to, I won't be able to say no when I want to.

And I definitely don't want to die hooked to this stuff.

Because to feel unfulfilled, regretful and wasted isn't geshmack.

To feel honourable, worthy and significant is.
