Okay Chevra, we have 90,000 to go. Please keep to one reason per post, and 20 words or less per reason.

When you feel like acting out, make sure to read all 90,000 reasons why you shouldn't first.

Acting out! acting out! acting out!

Remember this urge that is inside us that push'es us do it! do it!

This is the *Yitzer Hora*,

So you think to yourself you know what we'll give in now, and leave me alone *Yitzer Hora*,

Looks like A familyer deal, Right?

Now one's you gave in to him instead of saying Thanks,

He is back again OMG what do you want from me now I already gave you what you asked for?

No No No! that was only the beginning of my plan *Shafele*, Now comes the real work for me,  
Now I will use your fall to DESTROY YOU!!!!

So basically how he works is, The few hours before the fall he is taking over your whole body, makes you do crazy stuff push all the limits to the max [Bt'w if you anytime want to know what you are capable of and what your limits really are try to remember that when there is A will there is A way:}] so you cannot focus on life, kids, marriage, business, and everything that is important to you, Only on the urge.

And then there is the fall, And then after the fall you feel like such A noting that you have no appetite to focus on life, kids, marriage, business, and everything that is important to you,

So it was so-posed to be A good *Shaabas*, A good *Yom Tov*, A good *Simcha*, or just another good productive day at work or in your life and here it is all destrrrrrrrrrroyed!

So, lets take all are *kochos* together and tell him NO! NO! and one's again NO!

**?I will try again and again and again, I will push the limits, I will try every trick, support, and help that *hashem* gave me and use them to the best of my ability,**

**I will live my life like A yid, and enjoy it like A yid**

**And with *hashems* help I will live A good productive clean life!**

So I can't count; you can't have everythin'.

finally someone who really gets it.  
No amount of reasons will stop me.

That's because I am blessed with an obsession.

An obsession will override any reason or logic.

The only solution that works for me is the spiritual one.

The spiritual solution removes the obsession.

Please don't ask me to explain it.

It is something that has to be experienced, not explained.

Can I explain to you what chocolate tastes like?

No. You have to taste it and then you'll know.

For those who identify as an addict I have the 12 step program to recommend.

Nothing else.

Say no because the happiness and relief you feel when the urge passes and you move onto something else without having acted out, is a million times greater than whatever you could have felt during the extremely brief period of acting out.

Firstly, follow instructions please.

Secondly, yes the pleasure of the urge passing is nice, but the pleasure of acting out, especially if one prolongs it and enjoys the chase, that's pretty thrilling as well.

Sadly, I'm sober for several years and haven't experienced that joy in some time.

You haven't dealt with utterly depressive and disgusting feeling when you do act out, that should also be part of the equation.
