Sababa, piska tova!!!!

I think when mechazek asked you "what would happen if you fall" is to make you think past your urge to act out and how you woould if feel if you fell. If you give that a thought, it will take you right past the aveira. Take one day at a time, you've been great so far!

So you fell...but (if i got the math right) you got to 26 days first. that's a pretty big achievement!
And that's in the bank for you, forever.

Now get back in that truck and get going again!!!

Gevura!
