Posted by sababa - 03 Aug 2011 15:25

Hello guys

I presented myself to the other forum and here I wanted to tell you what I think and what I go through

I fell 3 days ago and I am very discouraged and now I think about the pictures and the porn and sometimes I have 'wet dreams', it's even more frustrating to me

In the street very difficult for me and I do'nt want to fall

Guys anyone here has an answer to what should really keep the brit? this interested

Every time I get up I fall and discouraging

Hope I will not fall, because every second I feel Stimulation

Guys I admit my English is not so good

I still hope will ce'zuk you and I will also receive cez'ukim Hope you understand me

Thanks you very much

sababa

Shabbat shalom, sababa!

Check with us right after Shabbat, maybe we'll play a game of some kind to keep busy on MaTzaSh.

Wow, I just saw this and I'm not surprised. Reb Sababa: look at all your previous posts, look at

how you felt it was impossible to have the self control to abstain, and now 5 DAYS CLEAN!!
Gevaldig! Keep on fighting. You started my morning with a smile.
