Call regularly. Build up a relationship.

If you just wait until you're about to fall to call a total stranger and say, "I'm about to m*sturbate," it's really hard to do. But, if it's someone you speak to regularly, it's not so hard.

It has happened to me a few times that, those people that I speak to regularly, have called me precisely at those times when I really should have called them but wasn't feeling like I could.
