Listen to Rabbi Wachsmann's teshuva shiur 5771.

Hashem is desperately looking to us for kedusha these days. He is asking you show me you want Kedusha. He is giving you so many opportunities, show him at least a few times - you truly want Kedusha.

Everybody has been having a really hard time during these days. It's not just you. This is *the* time for Teshuva. You have the opportunity to fix the whole year! You think it's gonna be easy?
