

I'm about to FALL!!

Allright so as everyone here knows,we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute.Sometimes the emergency units don't have enough time to respond to put out the fire,or are simply unaware of the emergency.

In any case,I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort,even a chashash,post here IMMEDIATELY!And well come to your rescue as soon as possible,iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency.And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

And you don't think that up until now we haven't internalized the consequences of our actions or aren't educated enough about the issue?

(Also, for me getting "educated" on the consequences of my actions in Olam Haba or in the malachei chavala they create doesn't help me fight my yetzer hara when I'm tempted to fall.)

alright so how how are to stop falling and or fighting this temptation daily. it's not supposed to be this hard. just gotta get over it and grow up and get it out of our lives.

its time for a new beginning.

Shavuot is coming and we're all getting married to Hashem.

And He knows what we do.

its time to stop now!

lets get some new hobbies!

thanks

Who said that it's not supposed to be hard? It's **very** hard, but there are things we can do to make it "easier".

The shulchan Aruch says (paraphrasing) to stay **very far** away from women because once someone is ragil in it, it is HARD to stop.

But, many here have done it. So it CAN be done. You can too. Usually we need different tactics though. You can try really hard to bang in a nail with a screwdriver, but it won't work very well. We need to choose the right tools for the job. There are tools aplenty here. If the tools you used until now are not working, switch tools.

Just some food for thought.

I'd read a lot of what Dov has to say, he really helps with attaining a proper attitude.

Of course, different things work for different people.

You don't have to fight this. Hashem will.

Remember, the downer of a morning also came from Hashem.

i actually like that post.

we should have a place for that too, as long as there isn't an ayin horah.

we could call it the "hodu lashem ki tov thread"
