

I'm about to FALL!!

Allright so as everyone here knows,we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute.Sometimes the emergency units don't have enough time to respond to put out the fire,or are simply unaware of the emergency.

In any case,I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort,even a chashash,post here IMMEDIATELY!And well come to your rescue as soon as possible,iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency.And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

I understand what you're going through.

Take very deep breaths for a few minutes, I mean really deep and try to relax.

Sometimes you just need to get around a bend to have open road.

Don't get discouraged, just hang in there.

1- Keep your chin up! (and even if you don't, still remember to...)

2- Keep your zipper up!

3- Keep posting!

4- Try being a lot clearer about what your stuff is really about. For example: Exactly what are you considering *doing*? Specifically what or who are you obsessing *about*? No fear (shame) is needed - and if you feel it is risky to post or feel too ashamed or think it will be too explicit and would give people ideas...then find people to call and talk to openly and let it all out.

...you asked for some ideas. These are what I and many others did, and do.

It works.

The old way works, too...to masturbate again.

Is it always a bad idea though?
