

I'm about to FALL!!

Posted by jerusalemsexaddict - 13 Aug 2009 21:26

Allright so as everyone here knows,we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute.Sometimes the emergency units don't have enough time to respond to put out the fire,or are simply unaware of the emergency.

In any case,I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort,even a chashash,post here IMMEDIATELY!And well come to your rescue as soon as possible,iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency.And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

Youtube is probably the not the best place to visit at this time. How about making a call to someone?

The YouTube idea was only to wake- ~~shake~~-up someone that's there already.

Agreed, it's not the most preferred method

Oh no. I feel like looking too

1- My favorite [quick fix](#)

2- Post what tools you have begun, perhaps those can help now.

3- You go to B&H!! **B**rilliant [Humor section](#), and see if you find anything interesting there. No pressure - you don't have to laugh at every joke found there, Its funny - I don't either.

4- Take a break, listen to some music or the [iPhone song](#)

5- Chat with a friend / sponsor who knows about the addiction

6- Checkout my signature

7 - You need approval from one of the guys. You wanna take drugs? Don't do it!! Want to go to some dirty website? Just post it [HERE](#) first.

If sense was all it took, we wouldn't be in this mess. Sense can help us stay away from triggers, but is not usually very helpful once under attack.

I know exactly what you mean. I fell the same way. I had 397 days and I fell.

So let's play out this thing here. Right now you are in a rut of sorts, lusting and want to/don't want to engage in the filth. If you do, you fall, you have an immediate release of this tension but only to be filled with a depression the likes of which will make you feel like the famine in Mitzraim. The bad years were so bad they erase all the good feelings you had with your wonderful 90 days of sweet success.

The guys will gather around and give you support oh yes, but that will be a poor lame imitation of the euphoria you felt when you had 90 successive days of true accomplishment.

If G-d forbid you felt you would make various tweaks in your program. You would be more actively engaged in getting the support you need so that this deep-seated grief would never ever occur again.

Buddy - do those things now!!!

And yes daven - sincere davening that what you promised yourself(remember the desperation and sincerity you had) 90 beautiful days ago, will truly be forever.
