Day 14!

still clean

had a few powerfull struggles, but kept strong

i noticed a very strange thing!, some nonsensable silly lusts, which in the first initial clean streak of 160 days, i had no problem to cope with, as i knew that they are pure imagination, and women are not objects, they are merely plain human beings, and the problem is mein, but now it became a fiersome battle, i just cant believe that i am fighting such stupid imagenory lusts
