

Help from my buddies

Posted by kidushashem - 03 Jan 2012 06:29

Hey guys,

I'm on an excursion right now with LOADS of enticements. I'm seeing a lot of pritzus and it's been very hard. I feel like I'm on the verge of falling all the time. I'm constantly battling for my Kedusha. I have this really wild monster inside me that's screaming for all the craziest stuff which I know I can get easily. I've been able to stay clean for the past few hard days but it's getting really hard and I feel like it's only a matter of time. My old arguments against the YH feel stale and weak. I need some fresh insight and chizuk from anyone who can help me.

I know that taking my glasses off more often can help and also being more aware of my thoughts. But I'm not too excited about my prospects. I don't feel like I have much Bechira right now and I'm thinking I need to prepare for a fall. I really can feel strongly that it's out of my hands and in Hashem's. I hope He channels his Koach into me and allows me to not sin.

Guys, you have the ability to really help me to not be mz"l and worse... Please help!

I'm happy to hear that someone's getting chizuk from this!

I'm doing a bit better now... It's still a battle, but I'm definitely feeling stronger, B"H!

thanks for reminding me of that, buddy!

B"H, I'm doing well these days. It's been really rough, but I am hoping that I have grown stronger and become less of an addict than I was before.

Thanks so much everyone who has helped me so far. I'm pretty sure I'll need your help again sometime soon!
