Hi, did anyone here attend the Asifa? How was it? Are there insights to share with those that could not attend?

I was there...

Unfortunately, due to the presence of the secular media, there was little said about people in our matzav.

There was a takana that everyone must have a filter on their internet.

Still, it was worth it to see the intense pain felt by our gedolim. I left feeling uplifted... The tefilas rabbim was amazing (and I was by the last siyum hashas, it wasn't like this!

Any non-loshon-hora comments on the asifa appreciated.

Hatzlacha!

Meir

Also available here: <http://matzav.com/full-video-citi-field-asifa>

These are all linked to the same Youtube video. If your filter blocks Youtube (My home filter does but not my work one), You're out of luck so far. Hopefully some "Kosher" site will host a copy of it.

This is all very strange--who's in charge of it? It's sort of like having an SA meeting, and then going afterwards to the Red Light District afterwards for some "fellowship" activities.
