

Trouble with the Handbooks...

Posted by theirv - 21 Jun 2012 03:21

Hi all, quick question. I'm having trouble downloading the handbooks on my phone (where I need them most). Is there anyway I can get them emailed to me or something of that nature? Thanks in advance!

If you send me your e-mail I can send them to you. Not sure if they'll be the most up to date versions though.
