My name is Yerachmiel Gerstner, and Yossi Green rejected me twice, after which I went to Pinky W., he's not interested in my talent either. Can I help you with your photo album?

I'm interested. I like posts about people being clean way more than about how they fell.

You know guys, just recently I heard a strange story...

So bekitzur, a certain **frum** girl in London (not sure, certainly in UK) went to the court claiming that her father raped her. And not only him, his friends as well. And she said it is already for 7 years and they torture her; she described everything in great detail. The advocates were able somehow to prove, that father was NOT guilty (I think she was even proven to be still a virgin, not sure).

now each normal person should ask: dear frum girl, miheih teisi?? from where do you take such imaginations?

They found out. She was watching PORN. rape-videos.

AAH!!

There are no smiley which would express the feelings I have ... >.
