

How Is Your Day Going? "The Next Generation HI"

Posted by Shteeble - 18 Oct 2012 16:13

What is the purpose of this Thread?

Similar to the "just wanted to say Hi" thread, it's purpose is for friends to be able to stay in touch (at least at a very basic level).

I often come to the forum to pull myself out of a low mood and save myself from acting out.

Unfortunately, sometimes the forum is just too quiet, and the spiritual lift I was looking for is not to be found.

These threads are easy to post on (they don't cause finger fatigue or carpal tunnel syndrome), and help make some noise amongst all the quiet.

Seeing a quick hi from a friend can be enough to lift my spirits and save me from trouble.

INSTRUCTIONS FOR THIS THREAD:

To make things easy for you, and in the spirit of 2 character gye posting, all you need to do is type a number from one to ten.

ten means you're having the best day of your life.

one means you need help.

Every day is a gift from H'.

Every day is really a million on this scale.

But for the purpose of this thread, we will use HOW THE DAY "FEELS" as the gage.

If you want, you can type more than just a number.

(Special server for this thread... It can handle longer posts.)

Thank you.

P.S. To my dear friend who can't stand when I start a new thread:

Responding to the survey: When Zaidy was young, there was no internet (and no PC's or cell phones). Unfortunately that did not stop addicts from reading p*** mags and watching p*** movies, and much much more... Yes it was not as available, but in those days we were not as

But at the same time, 'when zaidy was young' how big was the yetzer hara for arayos?
Obviously it was big, but its only relatively recently that its ballooned out of control.

There were no forums where this could be discussed, so I wouldn't know of others. Maybe I was the only one with the big YH (and it was quite as big as anything of today, - or even bigger).

This yetzer hora is nothing new. One of the kinnos from tisha b'av mention the fact that

Like you said before though, before the internet, porn was harder to access for your average bachurin, were going to batei zanan. Laavas nashim is nothing new, person. You actually had to walk into the store and buy a magazine/movie from a person. There

Perhaps because there were fewer triggers around (magazines, advertisements, movies etc.)

I once heard from a big tzadik that we will have zechus of bringing moshiach because we are the first generation that had to deal with this yetzer hora without the shame being there to was a shame factor that prevented people from being nichshol.

people with addictive tendencies had less of an issue. ?
I'm not a zaidy yet and won't be for a while. But I'm also old enough that there was no Internet or cell phones when I was young. And I had a very sheltered youth and didn't even know what p*** was. I probably didn't see my first p*** until I was well into my 20's. but that didn't stop me from getting into the trouble I did because my problems were and still are mainly with real life people. And that's probably the way it always was until recently. The Internet didn't cause this problem although it makes access so much easier.
