

Lift me up

Posted by moish u.k. - 07 Feb 2013 20:34

(Ever felt that way before?)

Feeling very depressed today.

So have more to lose than to gain.

=====

I can do with a good leibediga Rekida to lift me up.

RGT thanks. But the blocks on my computer wont let me access the site.

Perhaps someone can invent or design a way to have a "virtual" rekida on this forum.

Feeilng slightly better today. The detox can be a painful business...

Moishe, if you are in the mood of a rekide that's shows you are in a pretty good mood. You can't be that depressed. Keep up dancing.
