

Is the problem bigger or just worse?

Posted by seichel - 06 Mar 2013 05:58

So during my time here I have become better and worse at the same time. I got over the ssa but now I'm steeped in the straight stuff. I think. It's time I get a phone partner or something. If you can find my posts as asherlev613 or if you remember me please help! I now (much to my regret) subscribe to an adult DVD service. I keep wanting to cancel but just can't. Email, phone, anything! Please help! Pm me ASAP! Thanks!

i agree. i should, its just that i really dont want to yet for some reason. i know i definately dont want it so easily available to me anymore, but im afraid of what will happen if i dont get my "fix". I'm a very anxious person, and while i take all the responsibility i can for my actions, sometime's i cant control my actions or behaviors exactly all the time. thats what the tons of tranquilizers are for. or so they say...

if you don't get your fix, you will not die, I promise

this is your chance,

as my Rosh Yeshiva Z"l used to sy, Strike while the iron is hot!

just pick up the phone, call 'em up

cancel!

hashem will see that you are serious and you'll see loads of siyatta dishmaya!

Love you!

Thank you to everyone who posted. With Hashems help I was able to talk to my doc about the addiction. This afternoon I received an email from the DVD service telling me my card was declined for this month. With all you guys encouragement I cancelled the whole thing this afternoon. So huge thanks and love to mr emunah and reallygettingthere. May Hashems make your struggles easy.
