

Tryin'

Shalom

I am in my 40s married with children

Recently, I decided to get help on a serious level with my addiction .

My mind wanders and the tayva builds.

It would be easy to blame this on the lack of excitement in marriage intimacy, but I had done this at times before marriage, and at times, when marriage bedroom was good, I'd still fall. Perhaps it still is the reason, but marriage stuff is probably not gettin' better anytime soon.

I have more to write, but as this is my first post, id like to hear some suggestions first please.

Thank you so much

C

This post will be somewhat cryptic (more than usual), but we on the Forum have been played. Out of confidentiality (although I didn't make any commitments), I will not divulge what I know now. This immaturity enabled the perfect storm and emotions were stoked and feelin's were intensified and chaos ensued. Sadly, people got hurt. One person's childish behavior cannot condone, nor excuse others from their/our adverse and damagin' reactions, and at the same time, we let our guard down, and we lost some of our objectivity. On behalf of GYE, I apologize for allowin' this to happen on my watch. While I don't take a salary and am otherwise busy, I should've smelled the dirty rat, and truth be told, early on, I had some suspicion and I did investigate, but I failed, and for this I'm truly sorry.

Hopefully, you will not hear another word about this from me (not in private either), and to all of you, if you (just) think that I'm referrin' to you, I am not; if you KNOW (beyond a shadow of a doubt) that I'm referrin' to you, then I am.

Godspeed to all

And, by the way, this post is bein' written as a Moderator

Kudos, Cordnoy. I'm sure there will be apologies coming all around for those people on the forum who were harmed and maligned in this process. We certainly don't want any rats in our midst!

What this unfortunate rat *did* show us, is how passionate we all are to help our children, friends, and community stay safe, healthy and holy. So even though there was chaos, I believe we can

respect each other that much more, now that the storm has past. Look how much we each care about each other. We are willing to sacrifice limb and respect, just to make sure we keep everyone safe and sound. Love you guys. And as for the rat, I'm curios *who* you are, *what* you did, and *why* you did it. Amar Rav human being, ????:

Good evenin'

T'was an extremely rough one for many different reasons - lots of projects headin' southward - with God's help, tomorrow will be a 180.

I spent way too much time here tonight. Posts were becomin' toxic and I was bein' pressured to do somethin'. I didn't know what to do, so I tried hidin' the thread. I finally succeeded. I now tried to bring it back - many times, but to no avail. As this will be my last post for the next considerable while, please tell the other Mods that the thread is restin' comfortably in Rage's corner - in a different thread called "stay somethin'" or somethin' like that.

Why will I not be commentin'? For I am institutin' a new policy and I don't wanna be accused of a double standard. Anyone can have any opinions they want, but if they become snarky in any way or persist in makin' a thread or issue toxic, they will be banned from the site for a week. This is the warnin'. They will be reinstated after the week. In this game, two strikes and you're out. Jokes are fine, vehement disagreements - with anyone - are encouraged and welcomed as well, any manner of recovery or lack thereof is also good, but I draw the line at toxicity. Who decides that? You guessed it. I'm sorry if you don't like that, but that's where it will be for the next foreseeable future. I give you my word that I will be fair.

Take care and Godspeed

[After this post got deleted and was nowhere to be found, I sat down to type it again - I was ready to start with: Just when I thought this night can't get worse, and then - it reappeared, so I said B"H! Perhaps 'tomorrow' is comin' earlier.]

Oh, and this as well is bein' written as a Moderator.

Hi Kvoid HaModerator Shlita! Just want to thank you for keeping things in check. can I make a suggestion? There are all types of topic groups on the forum homepage. Maybe you can start a new group titled "toxic boich-svaros" and the threads that you need to you can just move there? Not lookin' for a fight with anyone, just suggestin', ouch, no need to, ouch, get physical:)

There are all types of topic groups on the forum homepage. Maybe you can start a new group titled "nonsense and toxic boich-svaros" and the threads that you need to you can just move there? It seems the thread has been reinstated...
