

some chizzuk for my bros

Posted by WWW - 11 Jul 2013 10:00

i am some great chizzuk for you dudes. I want you to forget about the threats of hellfire from our rabbis. i want you to forget about how forbidden it is. These thoughts will not stop you at all. Instead it will make the yetser even stronger even past the point of you jumping off the walls. i want you to think about that if you can push off that thought of her again you could do to again and again. you can do it over and over.

I don't see what there is to discuss. Learn through even ho'ezer 23. If you still think it's just a minhag then I'm afraid you are on the wrong forum.

One point I forgot to mention before is that looking at porn is ossur midorayso from "velo sosuru acharei levavchem ve'acharei eiyneichem" (bamidbar 15:39).

The halocho is crystal clear on the issues you have raised. I can now see why discussing these technical questions on an open forum is a bad idea. Trust me, these are questions that I have asked and received answers, but it's not for me to relay them to you. If you're sincere, you should politely ask your Rav.

To your original point: there is no doubt that watching porn and masturbating are ossur, as above. Hashem does not ask us of us anything that is impossible. Difficult, but not impossible. And He will help you if you let Him.

I'm still unclear where the chizzuk is in all this.

For the record, it is actually a machloikes rishoinim weather hoitzoas zera levatolo is ossur mideoireisa or miderabonon. Toisfes says it is miderabonon.

It was a shock for me to learn this.

However, this discussion is less relevant for me nowadays. The point is that when i act out my life becomes extremely unmanageable. I am looking to get recovery from an addiction.
