I had a very very very terribly stressful day today. Can anyone tell me about telephone contacts?

If you fill in the form you'll be given suggestions for partners and sponsors. You can then make requests to swap contact info. The only problem is that most people on the list don't check it very often, if at all so you might not get anywhere.

I think if you select 'join the GYE phone community' you're given a few contacts straight away.

Also, are you interested in joining Duvid Chaim's phone conference, because if you are then he can help you get a sponsor. Email him at [duvidchaim@gmail.com](mailto:duvidchaim@gmail.com)
