

Back on the Site

Posted by strugglingguy - 28 Jan 2014 04:08

---

This is my first time back on the site in a couple years. I have been busy... I have had good stretches and bad stretches. Currently, I have been struggling. Today (after a couple classes) I felt I needed some "relief" so I looked at some P. I told myself I needed it and there was no stopping myself on the comp. (I get ar.d. the filter w a proxy). So, that is that...

I'm going to go now - continue with this later...

*Ro'eh es ha'Nolad! What a Chochom!*

Keep it up. Very inspiring! About your first 12-step meeting... I felt like I was writing the exact same thing.

Im coming clean from now on even if it is embarrassing.

Honestly will help my recovery.

Today I used my phone for cartoons - some of which were inappropriate for someone like me.

The feeling of lust is sometimes very powerful and I do want to use my phone to fulfill my "needs".

tomorrow is a new day though

Thanks for the share!

If it's a cartoon app, why not get rid of it

And what does it mean that it's inappropriate for "someone like you"?

Hi Struggling,

I receive notifications whenever there is a new post on this thread. I'm not sure why I signed up for that because this is the only thread I follow like that. There must have been something special to me about you or something that I related to. Anyway, I'm glad to hear you are still at it and trying new ways to get recovery.

Be well.

I watched P for first time in a while.

I have been busy which has kept me relatively clean.

I again took my phone into the bathroom because I was overtaken by lust.

I have not attended a 12 step meeting in a month because I am lazy and unenthusiastic about it -- just being honest. i stopped with the P and have moved on. I texted a bunch of people from here and from y live meetings. have a good evening.

In terms of 12 step meetings, I have not attended for a while. There is always the chance I could, however. Maybe not for a little bit tho

I will continue to b in touch with people from my meeting in the meantime. i now realize that I am always vulnerable at any moment.
