

Partner/Sponsee Wanted

Hi All

I am a recovering sex addict from Australia. I have about 120 days sober/clean and, B'H - all is going well. I try to get on the GYE evening phone conferences and follow various threads in the Forums.

I feel that I am missing out on one of the most important parts of recovery, and that is a real connection to some one or some chevra who I could talk to. My problem is that as you probably know, Australia is Eretz Ha'Afuch and everything is upside down!! So the time differences make it difficult to connect with someone and converse with each other. I would really like to have a recovery partner.

I am writing to see if there are any other Australians out in GYE land interested to perhaps partner with me. I am married, with married children.

If there is anyone out there, please email me: [guardyoureyes3@gmail.com](mailto:guardyoureyes3@gmail.com) and we'll see how we go!!

Hatzlaha raba to everyone on the journey.

Kol tuv

Moshe
