

I need help

Posted by joeshmo - 19 Oct 2009 22:10

I am not addicted to viewing porn but I have been going into talk forums and seeking out transgendered people. Im not gay and have never acted out in this way but I feel this "Dirty Talking" and viewing pictures of them is getting to be to much, it fills like its killing me with guilt. I hate getting an Aliyah anymore becuase I feel so terrible. I have a beautiful wife of 20 yrs and I have been neglecting her in the bedroom. Please any advice is appreciated. Toda.

I thank you all for them kind and up lifting words..I never thought of it like you guys spelled it

out...Nothing happened..I set up another email address and was on the forums chatting and planning..I've never gone this far before, actually going to meet someone at a specific place..I went there and the person wasn't there..I was so happy..I kept seeing my wifes face..so I peeled out and came home..I have to ask HaShem to please help me because Im out of control..why are some days so easy and others are not?? One thing I did learn is when I have a couple glasses of wine I get the urge to "chat"..so i need to drink less, maybe one glass instead of two..Im trying to learn and put up fences..looking at porn doesn't interest me in the least..its the talking nd planning that is like a "Hi" kind of...Thank you all for the kind words once again...But I  
Baruch HaShem!!

My Dear Yid, Chat rooms are like playing with FIRE. As we quoted from "Me3" on Friday:

*The Yetzer Hara is a very smart guy.*

*First he tells you, "it's nothing, just curiosity. I'm just looking. I have no interest in this stuff."*

*Then he says, "it's harmless chatting. No big deal!"*

*And before you know it, he has you falling so far and so fast that you don't even know what hit you!*

*He's an old pro.. been in the business for thousands of years!*

*Baruch Hashem, you've come here before you've fallen too far.*

*But it's imperative for you to realize that you are at the brink. And it's a long nasty way down from here.*

*So grab on to the lifeline GYE is throwing you and don't look back!*

See also the horrible Story called "Where it all Leads" in Chizuk e-mail #530 on [this page](#) (scroll down)... That story shows what can happen through "innocent chatting"...

See also "question 2" in Chizuk e-mail #249 on [this page](#).

Join Duvid Chaim's phone calls to learn the secret of the 12-Steps... See the "12-Step Tip of the Day" in Chizuk e-mail #522 on [this page](#) where Duvid Chaim discusses WHY we look for things like "Chat rooms", and how the 12-Steps can help.

I also suggest you install a strong filter that blocks chat rooms, and you might also try vows to avoid chat rooms. See [this page](#) for tips on making safe vows.

May Hashem be with you in your quest for purity... and **please** stop playing with FIRE, you are

You are a tzaddik.

Hashem desires the heart,my friend,and it is clear how badly you want to be good.

Unfortunately,we are addicted to lusts and this is not something we can change without a

**serious change in us.**

Fell again...and the Sabbath is almost here

A red line would be useful though.

A few months ago,I decided that my red line would be no sex with girls.

Masturbation was it's own story,but live relationships a no go.

And you know what,joe?

It wasn't such a hard decision to make.

Why?

I've been in several relationships in my young life and they have all caused me serious pain.

There's always an intense amount of insecurity on both sides(no matter how hidden),and the emotional damage these relationships do is more than the trouble's worth.

So i beg of you.

Stop playing with fire.

Especially when you won't even enjoy the fire.

You should know Uri, though I wish you never had any pain - it has meaning. Every time I read it, I get chizuk, and find new strength against the yetzer hara of "if only I could get that girl" - when I hear, loud and clear "I did and it wasn't worth it."

Thank you

Facing YOURSELF in the mirror the next day is 100 000 times harder than facing your wife, your kids, your boss, or even your G-d...

Joeshmo,

Welcome to the forum. You're really working hard to pull yourself out of the muck.

Have you installed a filter? (For example k9. You can set it to block chatting. See the instructions about it on this forum, if you haven't already. Just read the added comments before you start.) This is just the first step, but it's a step in the right direction.

We have absolutely no trouble believing you Joe - because *we all know it first hand.*

NO ONE here is judging you in any way, although we are all feeling your pain so strongly.

that and what is on this site(which is Great!) and with HaShems help I'll beat this horse. Instead of Na Nach books, why not try the Big Book Instead? Proven results and definitely real hishtadlus.

We are not giving up on you. Dont give up on yourself either.

Hashem loves you so much, regardless of how covered in dirt you may be. He sees the spotless neshama shining brightly under it all. And if anyone knows how much you want to heal, it's Him.
