

RATM left the forum

For those who have noticed a lot more flakiness going on lately on the forum, it's because RATM left yesterday... We contacted him and told him that everyone's worried about him, and here's what he replied (by e-mail). - and yes, he gave me permission to post this, since, as he wrote me, he really *does* love everyone here. (woops. that part he *specifically* wrote that I am **not allowed** to post. Yikes. I better get my life-insurance in order)

*i didnt fall...gye forum just became another place i dont belong...*

*im gonna keep the 90 days going....last night was mikveh so i think im good for a while....*

*heres me: i was born into a very hareidi family...lots of brothers and sisters...my father is well known possek and rav...i learned for many years and even started on smicha...since then, ive never been non observant, chas veshalom, but ive rejected the seclusions of hareidi life in many ways (even if i do wear a black hat still on shabbat)...to be true, i was thrown out on my tuchus from hareidi life...i was rejected by them and i returned the favor...maybe this was my biggest mistake....i now believe that it is better to live hareidi in a box than to go out into this disgusting world and live a good jewish life here...anyway, im raising my kids hareidi (they go to the most hareidi of schools) but its too late for me...i will never go back to live in the box...in a way, ive got no place to go...i dont want to be a modox, i dont want to be hareidi, i dont want to be a part of any world...in sum, i dont belong anywhere....*

*gye is a place for hareidi jews, god bless some of the recent moderators and what they're trying to do there but i cant be a part of that... i felt like i became separated from the herd....*

*but youve saved my life... thank you,*

Did he tell us himself? Then I apologize for the edit. I didn't know if he wanted everyone to know that, so I deleted it to protect his privacy.

Anyway, I didn't get the joke. Can someone explain it to me?

Which brings me to GYE's newest rule. Any jokes that the Admin doesn't get - will be summarily deleted from now on.

Just kidding Uri. Take it easy :D

Oh, I get it now! LQ

BTW, are you **sure** he told us this? I don't want to compromize his anonymity. Someone might just look up the name "Rage" in the lawyer-phone book.

It may have been in Rage's thread, which he summarily deleted when he fled GYE, thereby causing everyone's post counts to go down. This, on GYE, is a capital crime. And Rage, my man, you're a fugitive, which explains why you're scared to show your face around here! :D

Since he did that actually, I reset the rules that people can no longer delete their accounts or topics, just like that. We all lost lots of great posts and jokes on RATMs thread. Sad man, very sad. I'd give \$5 at the drop of a hat to get it all back.

Hey, if you can one day afford to pay for picking up that dropped hat, that would support GYE

for a good few month! :D

It's great to have you back, man! Honestly, that's worth **more** to me than 10k! (Well, maybe not so honestly :-[])
