Can you join Steve's call at 8:30 A.M. Either way email him for suggestions

I'm not totally sure what you mean about the GYE way?. GYE isn't a system of recovery as far as I know. It's a community of people in recovery who offer support for each other. It also offers tools and suggestions for recovery on different levels. If you are saying that you want to work the 12 steps without going to SA, you can do that on Steve's call or on Dov's call.
