

I'm Back!

It's been a while since my last post... I think around a year and a half. Last time i was here, i was posting on the forum and calling in to phone conferences. But nothing worked. The main reason is because i wasn't active in my growth, nor was I active in the calls. So I just stopped as I obviously wasn't seeing any improvement.

But since that time, I was ???? to be clean for 5 months! They were the best five months of my life - So enjoyable and pleasant. But I unfortunately fell this past ???, and haven't been able to recover fully.

So I decided to come back to GYE and actually try this time. Actually participate in the phone conferences and find a sponsor in order so that I could start to get clean again.

I haven't found a sponsor yet, but I am hopeful, that I will soon. I also hope to find a live SA meeting in order to finally break out of isolation...

????? ??, my complete sobriety starts now...

Welcome back and bring Moshiach now!

Tell us what helped you through the 5 month, and what went wrong Pesach that you fell. Maybe if you will identify these things you may find a way to recover. 5 month is a pretty long streak to be clean. You are now much stronger than before.

Keep it up and strong.

Welcome back.

Since Moshiach is from yehuda

Maybe he is also a recovering sex addict. Maybe one of us? All I know for sure is that it is not myself.
