It's entirely possible that my wife is regaining some trust in me. She saw me slip up in the past,  
which made her plenty scared of where I'm heading to. And is also aware of my special care not  
to slip up now. She never told me anything but I can sense the new respect and security she  
feels.

That's a feeling you can't buy.

You've earned it!

My wife's out of town, she texts me, what time do they show the weather and on which channel ?

I ask her, do I watch tv, how should I know ?

She answers, you manage to know everything.

Oh oh ! (Does she know something...)

We can't add to people's karma on mobile anymore!

Worked for me. But the quoting didn't. I looked at the source and the tags are enclosed in "" instead of ""[]""

The reason quotes breaks is because it has date=" that when not filled messes the quote...

KARMA works on iPhone but not the way it used to. Now we gotta go to the users page.  
Neshamaincharge I joined mggs to the minyan of karmas on your behalf ;-)

It's the first time in a long time (aprox. A year in a half) that I've past the thirty day mark of continues sobriety. I do feel that every day is a work in itself, as much as abstaining has it's merits, it's still far from enough to keep me from acting out. I need to be on top of the game constantly, by working the steps, getting out of myself by reaching out sharing and thinking of others.

Not sure what the gym date is refering to. (I get an inferiority complex reading your posts...).
