Filtered Device Calendar - see 1st post

Posted by Markz - 19 Aug 2015 20:00

In this group, logging or continuing overtime on any non foolproof **FILTERED** device (i.e. that has any possible access to inappropriate websites / apps) late at night is not practiced.

Here is where we log dates and times only

- **How long you want to join for**
- **Your 'good night' time, and 'good morning' reactivation time**
- **Periodically update your calendar** if you want to extend, quit / take a break, or are jumping back on.

To review the rules, for questions, and to comment, please go to the Discussion Blog [HERE](#)

Summary

- Choose 10, 10:30 or 11pm.
- If you decide to login or continue after your 'goodnight time' you must first write a valid reason / excuse on the [Discussion Blog](#) why you feel exception should be granted to logon.
- If the reason is rejected by the forum group or administrator, we commit to pay \$5 knas to GYE.
- If we logon and didn't 'Write a reason', there's a \$15 knas to GYE the following day, regardless of whether we slipped to sin in the clutches of the web or not.

Please post all comments regarding the LOG calendar, in the [Discussion Blog](#)

Maybe try it for 7 days...

Guys, 2 more days of device sobriety and I'm a Tzaddik!!

Thats what the 90 day email calls 7 daisies.

But Im not getting a 90 email cos i stopped counting days long ago - I don't count on it (excuse the pun)

lyH if I get back on track I may update the chart periodically...

Gut Voch!
