

Filtered Device Calendar - see 1st post

Posted by Markz - 19 Aug 2015 20:00

In this group, logging or continuing overtime on any non foolproof **FILTERED** device (i.e. that has any possible access to inappropriate websites / apps) late at night is not practiced.

Here is where we log dates and times only

- **How long you want to join for**
- **Your 'good night' time, and 'good morning' reactivation time**
- **Periodically update your calendar** if you want to extend, quit / take a break, or are jumping back on.

To review the rules, for questions, and to comment, please go to the Discussion Blog [HERE](#)

Summary

- Choose 10, 10:30 or 11pm.
- If you decide to login or continue after your 'goodnight time' you must first write a valid reason / excuse on the [Discussion Blog](#) why you feel exception should be granted to logon.
- If the reason is rejected by the forum group or administrator, we commit to pay \$5 knas to GYE.
- If we logon and didn't 'Write a reason', there's a \$15 knas to GYE the following day, regardless of whether we slipped to sin in the clutches of the web or not.

Please post all comments regarding the LOG calendar, in the [Discussion Blog](#)

Maybe try it for 7 days...

Furthest thing from my mind.

Its in the deepest recesses of my mind, with things like food and other crazy thoughts.

1045 until the holiday of recieving the law.

(Go ahead mark.....)

Not sure how you meant it, but it's the furthest thing from my mind too, and it always has been.

Why in the world would anyone even dream about acting out.

Yesod, This doesn't bother me. I had a strong hunch when hearing this thread buzz before reading your post that you may be cancelling your subscription, because you have been driving on a different lane in the past few weeks

But you dare not cancel your gye membership or else...

In other news, my favorite thread (yours) has been hibernating for too long...

I have things (ostensibly good) I want to do on my computer now, but it's after my "device shutdown time"

grrrrr

but

hmmmmm

I just logged into this thread, and hey, my commitment expired already, so let's have a party!!!!

On second thought, I went youtubing once in the past month after "hours" and owe gye a nice amount \$:-)

I think I better re-commit again bln till r"c Elul
