

Filtered Device - Blog. See 1st post

Posted by Markz - 19 Aug 2015 20:09

Here's the plan

In this group, logging on any filtered device that has 1% possible access to inappropriate websites / apps, late at night is not practiced.

- Choose 10, 10:30 or 11pm. Any important use can usually be done after 5am when we are in a clearer frame of mind.
- Any device that is 100% foolproof internet safe e.g. with white lists to exclusive kosher sites (unlike regular filters) is not a problem.

How To Join The Group?

Please go to the [LOG Calendar](#) found on this link [HERE](#), and post only:

- **How long you want to join for**
- **Your 'good night' time**
- **Periodically update your calendar** if you want to extend, quit / take a break (cos the knas's are getting too expensive), or are jumping back on.

Write a reason on this Post

If you decide to login after your 'goodnight time' you must first write a valid reason / excuse here on this blog why you feel exception should be granted to logon.

- Only extraordinary or emergency situations can be approved - no working overtime / browsing / shopping etc.
- If your friend / wife is with you, that can be a valid situation.
- If the reason is rejected by the forum group or administrator, we commit to pay \$5 knas to GYE.

And if I forget?

- If we logon and didn't 'Write a reason', there's a \$15 knas to GYE the following day, regardless of whether we slipped to sin in the clutches of the web or not.

Please post ALL other questions and comments regarding the LOG calendar, in this Blog post.

Maybe try it for 7 days...

1. Not really, but close to it.

2. The clip has been deleted years ago. Before disposing of the harddisk drive, I wanted to see whether it's possible to restore it, to no avail. I think that nobody else can still find it. The harddisk will go to the garbage.

I had to finalize a few time sensitive Tzibur issues. Didn't succeed to finish before shutdown time.

I guess knass-payment of 15\$ is due, right?

Your decision. I think if one has such a issue to deal with and we post about it at shutdown time, there's no fee, ??? ????? ?????? ????? ?????? ????? ??

I only did it for two days and I managed two shailois.

1. I did something for either rent or credit card (I forgot) my wife opened the computer I took the computer to the other room (I needed wifi) where she can see me but not the screen.

2. I used the computer with my father in the room.

BH I was saved from any shmitz.

I'm wating for the verdict.

Guys I hate imposing on others, and stuffing the forum with this calendar, but I learnt in the white book that one of the things we need to learn to do - in a healthy way of course - is to seek and take help, and I appreciate all you guys (too many to mention) for all your real active roadside assistance.

This calendar was a tool that BH gained me a 650 day clean streak when I joined gye 3 years ago, and I let my guard down...

My plan is to take it up again with constant reminders, definitely for the first month or 2, and may Gd be by my side, and yours too!
