

Filtered Device - Blog. See 1st post

Posted by Markz - 19 Aug 2015 20:09

Here's the plan

In this group, logging on any filtered device that has 1% possible access to inappropriate websites / apps, late at night is not practiced.

- Choose 10, 10:30 or 11pm. Any important use can usually be done after 5am when we are in a clearer frame of mind.
- Any device that is 100% foolproof internet safe e.g. with white lists to exclusive kosher sites (unlike regular filters) is not a problem.

How To Join The Group?

Please go to the [LOG Calendar](#) found on this link [HERE](#), and post only:

- **How long you want to join for**
- **Your 'good night' time**
- **Periodically update your calendar** if you want to extend, quit / take a break (cos the knas's are getting too expensive), or are jumping back on.

Write a reason on this Post

If you decide to login after your 'goodnight time' you must first write a valid reason / excuse here on this blog why you feel exception should be granted to logon.

- Only extraordinary or emergency situations can be approved - no working overtime / browsing / shopping etc.
- If your friend / wife is with you, that can be a valid situation.
- If the reason is rejected by the forum group or administrator, we commit to pay \$5 knas to GYE.

And if I forget?

- If we logon and didn't 'Write a reason', there's a \$15 knas to GYE the following day, regardless of whether we slipped to sin in the clutches of the web or not.

Please post ALL other questions and comments regarding the LOG calendar, in this Blog post.

Maybe try it for 7 days...

KOT!!

What you say makes perfect sense, but isn't a concern for me

I don't want this to turn into a debate, which is only allowed on the Torah & Chizuk forum

How about we each be our own judge on this factor too, and post the daily open and end time?

No, re-open after 3

I hope you've been following the whole short conversation, and this is what I updated on the calendar for myself

"Daily 1015pm - 415am"

Shlomo I hope you have an AWE some Purim!!

Perhaps because you don't have an addicted mind.

Preposterous.

Are you kidding me, you know how many times i was falling all over the place at 3 or 4 or 5 AM, sometimes after sleeping some of the night.

It's off limits until Alos hashachar,

But do what you like.

Don't wanna be a party crasher.

I don't know about anyone here, but I never looked at the clock first to see if the time was ripe.

My friend, I'm no psychologist, but I'll give you a piece of

My Mind

Things are different: Before gye, which was only a few months ago, time did not affect much. I could binge on porn at 3am or 3pm. But since joining gye I feel I need the calendar as a fence only, primarily for the late night hours

Things are the same: Lust is still coexistent deep in the back of my mind, and could reignite eg if I'd decide to get drunk and expose my recessed unclean mind. Which is why I'll (always) be one of the guys sitting on the sidelines tomorrow watching others get stoned

Lechaim on a schnapps size cup of kedem grapejuice!

Yeah - why you ask?

Wanna make a chavrusa?

Good idea, but I'm not the best, cos I'm not such a great schmoozer

Because sometimes i feel like I'm in the "maseches goodnight device" shiur.

As far as your shmoozing goes, you're a shmoozer par excellence, you just do it with your fingers

You're the Maggid shiur

Hamapil is for you

We need to invent a new bracha for the unfiltered device shutdown

Any ideas?

"Al biur chametz" has already been taken
