

Guard's New Avatar

Posted by the.guard - 30 Oct 2009 10:10

Here's the [original one](#).

Here's the [new one](#) with a beard.

Here's the [new one](#) with a beard *and payos*.

And for the avatar, which one do you like best? **PLEASE VOTE ABOVE**

It's between these three:

1. [Plain](#)
2. [With beard](#)
3. [With beard & Payos](#)

Do you think that someone who sees that the admin uses a beard and payos in his avatar will
for them?

Rabboisai, think about this picture. A guard is supposed to be guarding, right? Well, how can
someone guard a palace if his eyes are covered?

That's how HASHEM'S PALACE is guarded BEST!

When we guard our very own eyes, we are protecting and guarding the palace of Hashem
inside of us, for the eyes are the window's to our souls - ***chelek eloka mi'mal***.

P.S. 1000 GYE points for anyone who makes this picture their DESKTOP... :D If you don't want people to see the name of the website, you can use [this picture](#) as your desktop instead (but)

R. Guard,

Please use caution before choosing an avatar that might make people think this site is not for
them.

R. Guard,

This site is definitely *not* for me, and I've been here for about seven months, anyway! ;D

PS. I like the one with the beard and peyos the best, but is there any way to add a beard and
peyos to my baby guy? Uh oh, just kidding - don't mess with the baby!!!!

One guy wrote me:

I want to let you know that I liked the avatar without the beard / peyos better. The way it is now I would not have realized what the whole thing is (a beaver maybe?) bichlal, if not for having seen the first pic.

A non-Jew on the forum sent me an e-mail:

I think your new profile pic is quite cool and appropriate! I'm glad you went for the picture of the guy with the beard but without the dreadlocks. It's what I would have chosen.

Common everyone, let your voices be heard! Today's [the big vote](#). It's everywhere in the news! It's even [in Videos](#)!

Reb Guard, I cast my vote already but what ever happened to your avatar of that blue alien shooting the laser out of his eye? Super cool though I'm not sure how it was related to guarding)

That wasn't an alien! That was me. My wife took the picture as I removed the big shtreimel at night. Having been covered all day, my eyes shot out beams of holiness - and she caught it on film. (The burn marks are still in the wall)

O and here I was thinking you were trying to attract the science-fiction crowd 8).

Reb Guard, you can sign me up for one of those supersized shtreimelech if it means I'll be able to shoot kedusha beams from my eyes!
