**Welcome Aboard:** I'd like the first few pages of this thread to be publicly shared / traded. My intent is to include universal trucking tips many guys can benefit from - that aren't found (yet) in 30 tool section.

**Please Comment:** I'm open to any input. If there's something in the first pages that you'd like to add or comment on, please do so right here

Keep on Trucking!!!

Phew... ok.

Whoever wants to respond now please do.

Im hoping to compile summaries of great notes in the first 20 posts, and index them in the 1st.  
**Warning: Spoiler!**

From here and on I'd like to hear input criticism and feedback, so whoever can pass by this post every now and then and blow your horn is appreciated.

Of course I have my personal perception (as we all do) when deciding how to broach and deal with different topics, but I'd like to share these posts with the chevra therefore whatever / whenever you choose to input - please do, and don't be scared to be blunt with me, so go on fire away!!!
