im so excited to update you, i stayed sober yesterday night, in my wildest dream 3 weeks ago i wouldnt believe that I will stay clean such a night without my wife on site, the nights when my wife used to be away, vacation or summer monthes was used to be the most dirty ones, i just cant imagine that i successfully finished yesterday's TODAY clean, i was so affraid of a fall.

i have to admit, that it popped into my mind a few times some thoughts, like touching and pleasuring my self, but i pushed it away in the second it came to my mind, i didnt let it come to fruition, and im so happy with my self.

so again, ???? ??! ??? ???, i prayed so much the last few days that this few days should pass ?????, so im happy that one day has gone clean.

i spend at night reading the GYE handbook, and FREE LUST TRUCK TOWING thread, there is a lot of good stuff there, thank you Markz, you are the guy.

i dont know what by the end hold me back, and to stay clean, 1) that ill be depressed, ashamed and having to start day one again, 2) reading on our forums, and the support from all of you, or both, ill leave that to you to decide.

let me finish with my biggest THANK YOU for all our great ????? ???? ???? you were my support, without you, i would never be what im today, you will definitely sahre the ??? ????"?.

im so excited, i feel like a million dollars.

lets focus again today only for TODAY.

I had a great and clean night, my wife is coming home tonight, so I can close for now my My Upcoming Dilemma, I would like to thank you all for your support, especially Markz, with his when my wife is
away It used to be my <b>lowest</b> time, with no control at all, not thinking a bit what it will feel after the act, but now, as a GYE member, I had my <b>highest</b> time, I'm soooo happy for that, I feel so good.
what it help me overall, Might help others in time of need, support from all of you, the Handbook, Reading forums, and at once when I was in an emergency situation, I went out on my porch and wrote 50 times a slogan LoL that cooled me down.
next time home alone? in the summer, 8 full weeks, will discuss then

A very very great inspiration !
And like others said, the most important was to seek for help and not being blocked by addiction saying: "You can do it alone! It's a big shame to talk about it with others!"
And one day at a time too.
Hachem may see all your efforts with a big warm smile, and keep these clean days into your
