

??? ???? ???? ???? ?????

Posted by Shivisi_Hashem - 09 May 2017 04:11

Im starting this thread solely for shabbes, as i disscussed with many GYE members, one of our biggest struggle is, when it comes shabbes, foe some reason the lust in Shabbes is at the highest level, so here we can share our ideas how to calm and get rid of this lust, share our shabbess sucess story's etc..

i could decide which name the thread should have, so my great partner came up with this name
??? ???? ???? ???? ?????
Which means: My soul is sick from so much love to you ??? and ??? ?????This might be a good phrase as when we have lust, our bodies get's sick to the lust and we can't think straight so for a ????? ????? we ask ??? to put in such a ??? that we should be able to exchange our lust for ????? to luts for ??? and ??? ?????

everybody is welcomed to share thier struggles and success within Shabbos.

I agree 100%, especially now when there is a lot of Simchas.. its terrible, but we succeed with the full help of hashem, only with his assistant we can survive.

We don't all get hurt from kryptonite. We all have our weak points, and they're probably different for everybody. Even if some may share some weak points, we all have multiple attractions, depending on our psyche. For some, Shabbos will be a greater issue than the internet. For others, tv may be worse than Shabbos streets. At the end of the day, it's up to us to do whatever we can to succeed. I'm not preaching and I can't preach, because I don't think I'm doing **all** that I can. But in either case, I think it's important to recognize which threats are the most challenging for us.

A git vuch,

I had BH a nice shabbes, everything was wonderful, the tefilas, the food, except my struggle, it was murder, the streets are packed with triggers, i didnt look at anything inappropriate, but its still very very hard,

Friday afternoon was ok, went by easy, but shabbes afternoon was terrible, i wanted to act out, but i controlled my self, i didnt, but its very hard, i cant wait on the day i wont have any struggle what so ever, will that ever happen?

Hope for a clean night and a clean week...

i had you all in mind by my tefiles, that you should all have a clean shabbes.

Thanks markz,

but its not about programs, and not white knuckling, not at all.

its all about my best friend and my biggest enemy and his name is: BED, When ever i go to bed
in the afternoon, its getting hot there, too much time of thinking maybe, i dont know how to
handle that.

maybe you have an idea?

Can we keep on trucking shabbes? Im afraid getting out of the ????
