

Google Voice Number

I want to be in the phone community without giving out my cell phone number. I tried to set up a Google Voice number. Maybe it worked temporarily. Now I get error messages when I try to change the Google Voice Number. If there is a working number, I don't know what it is, and I don't know how to find out what it is. My email is [endingevil@gmail.com](mailto:endingevil@gmail.com). Thanks!
