

Been a while

hey—I'm back after a very long hiatus. I've acted before. Mostly homosexual. I've watched p***n. That's tapering off—. I have a girlfriend for the first time in years. We're happy.

Reintroducing myself to to those who remember me. And saying hello to those that don't. I have been losing interest in ssa activity for a while now and most p**n is boring after a time. That is to say I still watch and release myself every so often but I guess it's a step in the right direction and not as bad as acting out.

Questions or or comments for me?

i have a question: what should I say to sosie about ssa and when should I broach it?

welcome!

If porn gets boring and you're okay with that, that could be fine.

If porn gets boring and you do riskier stuff to get the same fix, that's a bit of an issue.

I don't understand your question at the end. But maybe I'm a latecomer to your stuff.
