There is a very big "ilyan" in general to try to see "Hashgacha" in the world even in the smallest things.The more we look out for it the more we will see it, and the more we see it, the more we will feel Hashem is always with us, which in turn makes it easier to see Hashem in our lives. It keeps on going in a cycle of a person constantly growing in his awareness of Hashem. I am sure that aside from the general small stories of how someone "happened to miss the bus and meet his shadchan" type of stories (which can also be posted) many of us have such stories that we can post about how we saw Hashem's loving hand guiding us as we fight through our struggles, so I thought it would be great if we can have a central place to post these occurrences when we notice them.And as I said in the beginning the more we think about it the more we'll notice when it happens which will lead us to always feeling Hashem's directing our efforts, and ultimately that should be a huge chizuk for us to keep up the fight and never get knocked down!

As i am still pretty new to the site and didn't really figure out how to navigate so well if anyone knows of such a thread elsewhere on the site please let me know.

Thanks , looking forward to hearing !

I was 16 days clean on my own, when I found GYE and started the 90 day challenge. On my first try, I lasted only 18 days. My second try, also lasted only 18 days. On my 3rd try I lasted 194 days. Then I fell, and stayed down for 8 days. I started a 4th time, and now am at 126 days.

I joined GYE as soon as I saw it, even though it should have been blocked. To make sure that it won't be blocked in the future, I contacted the filter company (GenTech Solution), and added it to the whitelist, just in case.
