The question is really do I ever NOT!!

I preface by saying I believe Toras H-shem temima!

But I was taught Growing up- in a Conservadox home mind you with TV radio movies Playboy ("YOung must be 18!")-that I will stay out of this G-d endorsed torture chamber... provided I do my best..N o obligation to do more than my best .

So I must know not to take off the tiny tag off the peach I eat on shabbos ,never do shichvat zerah and all the other ainy lo cheeleks liolam haba of course Lashon hara is "ONLY like murder And certainly not all Only some

I am before the Stairway to heaven song

led Zepplin are no tzadikkim

But I chap

All the while we would hear rock icon on the radio vividly panting as he loses his virginity. A nice menu fo zhus on TV and movies

My father wasnt Terach chalila but it si my fault I didnt samsh the idol

I would get angry -but them I would lose my olam haba!!!

I Love the Torah

It is the morons who dont have enough kavana when they say seichel tov lichol osayhem

They never had it Maybe never will

Let us review Dont teach hilchos nedah to four year olds

Dont spit into the wind

Dont tug on spermans cape

Adn dont shove perfectionistic garbage about scary stuff

It si erev Hallloween

My education was along horror movie

I didnt growup in 1865

'69 I was four years old

Schar vionesh have their place

And yes yes G-d is good first teach He loves us THEN I repeat Then and if we were ready teach a mature onesh
