

MY" MAGNET" ON MY HEAD

---

There is a "magnet" on my head

Where 12 steps fail- and lust is fed

Why I Look I am not sure why

after all .....

There are cars and trees the grass the sky

It is not like I am "a man on fire "

But I check out women to admire

No Commitment so I reman ...

Nothing ventrured nothing gained

Alas Progressive victory I am achievinge

But true RECOVERY..... For now I am just "believing"
