

The Zechus - Yeshua's Project

O.K. so hear me out.

I've been toying around with the idea about making a zechus Yeshuas thread. We all know just how much Hashem appreciates our struggle. He looks down on GYE with such pride. I have no doubt it is one of the biggest kiddush Hashem's in the world.

Here's another thing. Klal Yisroel has a lot of tzores. Illnesses. Shidduch crisis. Marriage issues. People who need children. You name it. I think we can all think of someone who needs a yeshuah.

So I was thinking, maybe we can start a yeshuah zechus thread. Here one user writes the name of someone who needs a yeshuah. And another who is about to fall stops himself - be it for a day, hour, minute or second - and dedicates the zechus to this person, that they should merit the yeshuah they need.

I was planning on implementing this for a few days. Just today, I saw a post where someone wrote they do this themselves. Seems to help him. I figured I'd spread the idea.

If this is a bad idea for any reason, let me know and I can delete the thread. But I figured it makes sense - it may help us hold off to help others, and may well help klal yisroel as well.

Just trying to give Hashem some nachas. Let me know what you think.

Rav Mendel of Rimanov (a tzaddik that lived in the 1700's) said that when one is oimed b'nisayon against one's nature - chutz m'derech ha-teva - he has the ability to ask Hashem for a yeshua - chutz m'derech ha-teva. So these people are fortunate that GYE'ers are davening for them.

O.K. bit more taiva today. BH not terrible, but more. So M bat E. Whoever you are, wherever, may Hashem grant you the yeshua that you need, along with any yeshua's for anyone in clal yisroel who needs. This is bezchus any winning over my taiva that I accomplish today - be that in fighting urges or managing to busy myself so I forget all about them.

Hatzlocha all.
