

Q and A video for Teens

So I'm learning with this Rabbi (the one in the video) from Partners in Torah and he asked me to transcribe his videos for him. While officially these videos are to help teens and young professionals, I think they can be shayach to anyone here. I recommend checking it out, especially 14:50- 18:42 and 30:20 in the vid. May it give you guys the same chizuk it gave me! <https://www.torahanytime.com/#/lectures?v=139441>
