Posted by TG - 14 Jun 2021 13:59

Hi,

As usual I m posting here for accountability.

Had ten good days, been dealing with dry run due to various factors. Bh had a connection on shabbat but didn't stop me rom having major mad falls on Saturday and Sunday night very late at night while wife sleeping next to me. Trubly bad falls. Thank gd no M tho for both times.

Just wanted to post for falls, seems now im at 13 days lost since sept.

Thanks

TG
