Hi Guys

A bit of an update

BH the summer is coming to an end and the winter is settling in.

Went back to university at the end of February.

I worked in a store that attracts lots of people of all cultures and dress.

BH over the summer I was able to stay tuned.

However, after so many days BH BH BH of being clean, the nagging thoughts of what I saw so long ago start crawling in.

Also these days I BH have lots of stress, good stress, but its still stress. There is a very easy

door, one that is able to remove the stress for just a short period of time. But the short term pleasure is very lerring. Its easy to go there.

Oh, I also got a smart phone. But with HHM's guidance, it is BH locked from any smutz. Although there is a way to find out some shmutz. I try to be careful.

A short recap of how I am feeling about my count.

BH as you can see I am many days clean. It BH includes not googling anything inapropriate things or clothing, looking in the street etc. But now with BH so much stress in my life the load is getting unbearable.

My thoughts BH over 200 days, What were those 200 days? those 200 were the inspiration of staying clean. They were those firey days that I was committed. But now is when those firey days are gone and now is the real deal.

Almost every day BH I get up at 515 AM to learn at 530 with a chavrusa Chassidus Chabad. I try to take a lesson from what we learn daily and carry it with me throughout my day.

Its not easy being in University where most of the students are teenagers and dress how teenagers dress.

BH with all the stress it is hard to keep focused on the task.

But with Hashems help we will be matzliach

EYES

Hey Eyes, Wow it's awesome to see your progress no matter the surroundings and your strong minded to keep a dose of inspiration throughout your day to push through, keep it up

Today is Rosh Chodesh "ELUL"!

We're past the geshmaka YT Pesach with cleaning out all the chametz and this ugly YH from our hearts..., past the uplifting Lag Bomer, past sfira days getting prepared for Kabulas hatorah..., past the beautiful holy Shvuos, Kabulas hatora...ah...how lucky to be a part of Hashems nation, but the YH doesn't care, he's so active in these summer days. He goes before Shvuos, on Shvuos,...

HELLO can you leave me alone?! You don't see I want to keep my eyes clean in these hot summer days?! I understand you are here for a mission, but... you know what I mean?...

I am going to the mountains to run away from the dirty city streets, but the YH has his tactics, while shopping in these big department stores and malls, taking the family to the beach, trips where a lot of people are not dressed appropriately or even in the bungalow colony looking at heimisha women....etc. I had a lot of falls with shmiras eiynayim, Having those summer Tayva thoughts... while going swimming and chilling around. And here we're a month before the Holy day ROSH HASHANA And here we are after a fallen summer season...broken and ugly feelings...doing tshuva our minds are full of thoughts and hoping for a Ksiva v'chshima tova, taking upon myself this coming year WILL BE A CLEAN YEAR!! Enough is enough...!

shhhhh.... Let me take out my safety pin and bust this balloon and wake you up from your dream....PPPOOOOOWW!!

HHEEELLLOO, we still have a chance to have a successful and clean, fall-less summer season, it's not ELUL yet, we're still before Lag Bomer, we can still put on our "guards on our eyes" and get to Elul CLEAN....ahhhh! Thanks hashem for that!

sorry for waking you up, just wanted the message to get into myself in a dramatic way...

enjoy!

Trying the best!

Let's hope it's the first and LAST time...

What's your plan. If we fail to plan we plan to fail.

Please visit the toolbox app.guardyoureyes.com/toolbox so you can arm yourself with the tools that can work best for you.

Also, are there any gedarim/fences you can setup in technology? When one makes a geder (fence) , it's as if he is saying, "I am committed to breaking this cycle, and my proof is that I'm going to make things difficult for myself." While he can still slip, the geder he instituted nonetheless shows a level of commitment that he is motivated to deal with his problem. Ultimately, if a person has done as much as he could, the result is that he will have more siyata dishmaya and berachah from Hashem..
