

EASY PEASY

Shalom Everyone,

I would like to know if any of you tried/succeeded/heard of the ``Easy Peasy Method``.

easypeasymethod.org/

This is not a Sefer. It wasn't written by a big Rabbi, it doesn't talk about Gehinom, it doesn't mention limud. It's just a book, for people who wants to stop with porn addiction. I personally went through the whole thing, and it really opened up my eyes to things I didn't knew about. I haven't had a fall since then.

I would love to speak to someone who used this, either good or bad experiences.

Much love to you all
