

YouTube leading to Fails... Any ideas?

Posted by Emes-a-Yid - 28 Feb 2023 00:24

I need some help breaking away from using YouTube platform, including watching all sorts of videos, which besides leading to

1. many waste-less time

2. negative impact on sleep,

3. Kills productivity,

(have diminished control over watching excessive amounts of video content).

Plus other negative influences from the open world society, literally to anything vast out there, as blunt and exposed without any blockages, since YouTube admins are the only ones in charge to block users and videos based on their own decisions of the "wisest non-rebbeim" etc.. It is a very hard reality to break free, but definitely with someone willing to challenge me and maybe working together it can help very much. It may sound strange but I forgot to include the main issue that may lead from such random videos is the issue of wanting a created desire onto an explicit site if you understand me..etc... So with that being said, anyone also dealing with the YouTube Problem of trying to break away and can't? And is there anyone willing to maybe help me and challenge (may have to be a 2 person deal to better solve to want to do it) each other..? If you are interested and have an idea please respond, I am eagerly trying to stop, week after week and thinking it will end yet get back on it.

Thanks for the support. Please let me know your feedbacks.
