

Emergency help

Posted by dim12 - 16 Apr 2023 19:00

I am writing to you today because I am in need of assistance with Struggles. I have been struggling with this issue for some time now and it has become something that I can no longer manage on my own. I am reaching out to you in the hopes that you may be able to help me find the support and guidance that I need.

If you are knowledgeable about Struggles or know someone who is, I would greatly appreciate it if you could contact me yoeldim24@gmail.com. I am open to any suggestions or advice that you may have, and I am willing to provide more information about my situation if needed.

Thank you for taking the time to consider my request. I look forward to hearing from you soon.

Best regards

Yes, as many said before me, if you share your experiences and struggle- people can help you and communicate back with you- all sorts of understanding come along once you can be open about your struggle, you may even be shocked that many probably have similar struggles, I had my own 2 different things and many have helped and Bh at a way better stage so feel free post what's on your mind!
